

Naveen M S

Frontend Developer

React developer with 4 years of experience creating and executing cutting-edge online applications. Devoted and highly competent. I have a track record of producing high-quality, responsive, and user-friendly interfaces and am skilled in front-end technologies. With a solid foundation in HTML, CSS, and JavaScript in addition to React skills. I am passionate about writing scalable, stable, and efficient code while keeping up with the most recent industry trends. I'm dedicated to providing outstanding user experiences and advancing project success as a proactive problem-solver and team player

Work Experience

React Frontend Developer (Full-time)

Zero-Pixels Pvt Ltd | Kochin, Kerala
Jan 2022- Present

Developed CRM software Lilypad Mobile App for fintech using React Native (IOS & Android).

I created the individual product page.

Many reusable react components were created and handled in the bit library.

Participated actively in Agile/Scrum development methods to ensure project milestones were met on time and within budget.

Integrated RESTful APIs and third-party libraries to enhance application functionality.

Maintained and updated code repositories using version control systems like Git.

Frontend Developer (Self-employed)

SYSIROHUB Pvt Ltd | Thrissur, kerala
2019 - 2022

Developed an E-Commerce website using React Js.

Developed websites for service based businesses.

Developed and maintained responsive web applications using React, ensuring excellent user experiences.

Collaborated with cross-functional teams, including designers and back-end developers, to implement features and optimize web performance.
